

MIBRASA®

The Craftsmen of Fire!

2023 CATALOG

We are fascinated by fire and invite you to experience Mibrasa® grill cooking for yourselves. Cook and create in a way that awakens your taste buds and reminds us of the beauty in simplicity.

The relationship between food and fire brings us back to the deepest origins of gastronomy and of mankind. Cooking over fire is a practice that is sincere, honest, and above all allows for the authentic flavors to speak for themselves.

Cooking over fire is deeply rooted in Mediterranean gastronomy. From our Palamós workshop in the heart of the Costa Brava, where we produce the finest Mibrasa® equipment to serve our clients all over the world, we are proud to be the craftsmen of charcoal cooking.

We are a young, family-run company that places emphasis on quality and robustness so our grills are made to last. Using forefront-engineering techniques and steels of the highest quality, we work to achieve maximum precision in every detail, resulting in a product that is superior in performance and versatility.

The synthesis of quality and experience is encapsulated into each and every Mibrasa® product. Designed and developed hand in hand with chefs to meet their every demand.

Mibrasa® Charcoal Ovens

The Mibrasa® Charcoal oven is a closed grill designed, developed and manufactured in our workshops in Spain. Made from the best quality steel and using forefront engineering techniques, our grills are designed to fulfill the demands of professionals in the hospitality sector.

The technical specifications allow the user to accurately control the airflow through the grill to regulate the

intensity of the embers, and as a result, cuts down the amount of charcoal needed. With the Mibrasa® oven, you can cook all types of food, retaining their natural flavors whilst bringing out a unique taste.

We have a wide range of high-quality products and accessories allowing you to personalize your Mibrasa® oven and adapt it to your needs.

2x1 GRILL AND OVEN
in one sole machine

COOK ALL TYPES OF INGREDIENTS
meat, fish, seafood, vegetables & desserts

FUELED SOLELY BY CHARCOAL

to bring about the
DEEP RICH FLAVORS
distinct to coal-fired cooking

With the capacity to last an entire service between
500°F AND 700°F

EFFORTLESS DOOR OPENING SYSTEM
with zero maintenance

FASTER & CLEANER
than an open grill

consuming approx.
40% LESS CHARCOAL

HEAT-FREE KITCHEN ENVIRONMENT
for the chef

CLEANER WORKSPACE
with enclosed ash drawer and grease collector

INCREASED TEMPERATURE AND FLAME CONTROL
through effective airflow system

FASTER MAILLARD REACTION
with optimal results

Working at high temperatures sears and grills the product

SEALING IN ITS JUICES & ENHANCING ITS FLAVOR

Easy to manage, secure & ergonomic

AIRFLOW SYSTEM FOR THE CHEF

 The Mibrasa HMB AB-SB has a heating rack with an average temperature of 110°F, perfect for bringing meat to temperature and keeping ingredients warm. It also comes with a naturally heated cupboard below with a temperature between 125°F and 160°F.

Mibrasa® Charcoal Ovens

**Ergonomic and
easy to manage
airflow system**

Maximum flame and
temperature control.

Ancestral cooking

Slow cook foods in the ash collector at lower temperatures for a tender and succulent finish, rich in smoky flavour.

Mibrasa® Parrilla

Designed and built using cutting-edge engineering while respecting the purest and simplest ancestral culinary techniques. A kitchen with an open grill is a kitchen with candor.

With an extensive cooking surface and state of the art elevating system suspended over the open fire, the Parrilla by Mibrasa® offers maximum versatility. The elevating system allows you to control the grill over the fire to vary your cooking techniques and obtain the optimal result.

The base is lined with refractory bricks to ensure maximum heat efficiency and resistance to pure fire. Built using quality steels providing strength and durability; ergonomically designed for practicality and ease of use, each feature plays a crucial part in delivering the ultimate grilling machine for every chef.

NEW MIBRASA® SUPPORTS MADE FROM NATURAL CORK

Presenting the new Mibrasa® cork supports for our granite hot stone and high temperature 'llauna' trays, the table-ready presentation that will distinguish your dish from the rest.

Cork is produced from the bark of an Iberian cork oak tree, a material completely natural and sustainable that will adorn your dishes with a rustic look.

We're keeping our
Mediterranean
traditions alive!

CORK IS FROM TREES NATIVE TO OUR EMPORDÀ REGION, northeast Spain, where cork oak forests form one of the Mediterranean's most treasured landscapes.

HARVESTING CORK ENSURES FORESTS ARE PROTECTED AND CONTRIBUTE TO MAINTAINING BIODIVERSITY LEVELS. Since the 20th century the area's cork industry has continued its sustainable practises through controlled forest management.

**HOT GRANITE STONE
WITH CORK SUPPORT**

The Mibrasa® hot granite stone is perfect for serving all types of grilled meat, fish and vegetables to the dining table.

The cork support is 100% natural, adorning your dish with a rustic look.
